

Easter Egg Hunt

7th April 2026

The aim of this race is to collect as many controls within the time limit (either 60 or 45 minutes). Controls are marked with a mini kite.

Each control has a picture of an egg with a letter. You need to record the letters on your control card. The letters are an anagram of the name of a composer and his most famous work which has a connection to Easter.

Scoring: 10 points per control. Bonus of 30 points each for name of composer and his work. Maximum 200 points.

Timing is using an SI card and you need to punch the start and finish boxes to record your time.

The "Ideal Distances" for each course are 2.95km (45 minutes) and 4.83 (60 minutes).

Map 1:7,500 scale with 5m contours. Small updates in March 2026.

Small prizes on offer!
