

# Cleud O

14<sup>th</sup> April 2026

The aim of this race is to solve the murder by visiting all the controls. Controls are shown on your map and are marked with a mini kite. On each control are pictures of the suspects, weapons and rooms you can discard. After visiting all the controls you will be able to reveal who "done it", with what and where!!

Timing is using an SI card and you need to punch the start and finish boxes to record your time.

There are two courses available: Sort 2.62km and Long 3.55km.

Map 1:7,500 scale with 5m contours. Small updates in March 2026.
